Aquifer®
4-in-1 Beverage System

THE BOLD LOOK
OF **KOHLER**®

Aquifer® 4-in-1 Beverage System

Raise the bar on entertaining or elevate your everyday with the Aquifer 4-in-1 beverage faucet—it's perfect for hosting dinner parties, brunches, or simply enjoying a cup of tea.

From chilled and boiling to sparkling and ambient, this four-in-one digital beverage system conveniently dispenses filtered water any way you want it at the touch of a button.

Beyond the range of water types, the faucet is offered in two heights and installation options. The faucet is paired with a slim undercounter unit to dial in your ideal hot and chilled temperatures plus track filter and CO₂ cartridge replacement needs.

One faucet. Four filtered flows.

Ambient
Filtered water for drinking and everyday needs

Chilled
Enjoy cool, refreshing water between 41° and 59°F

Sparkling
Utilizes the CO₂ cartridge to add carbonated water to any beverage

Hot
Perfect for cooking or tea, providing water between 176° and 208°F

Intuitive Digital Control

- Awaken the minimalist digital interface from standby mode by hovering your hand over the interface.
- Tap an icon to dispense ambient, chilled, or sparkling water.
- Press the icon again to stop the flow of water.
- To enjoy hot water, tap icon to activate (icon will blink), then touch and hold to dispense. Water will turn off when the finger is removed from the icon. Two-step activation for hot water is a safety feature to help avoid accidentally activating hot water.
- An indicator light notifies you when it's time to replace the filter and CO₂ cartridge.

Sophisticated Options for Sleek Installation

The Aquifer® 4-in-1 beverage faucet is available with standard 10" and tall 12" spout heights. Mount the interface to the base of the faucet with the included escutcheon, or opt to mount it separately for custom placement. The faucet can be paired with Kohler's range of bar sinks or with a finish-matched grated drain to complete the design.

Aquifer® 4-in-1 Beverage System

Aquifer 4-in-1 Undercounter Beverage System

The slim undercounter units fits directly beneath most sinks, keeping your storage space intact. The unit's water filter and CO₂ cartridge are conveniently located for easy access. Backlit icons glow in white, yellow, or red to indicate when it's time to replace.

- Required for use with Aquifer 4-in-1 beverage faucet, sold separately.
- Reduces the taste and odor of chlorine.
- Water filter is simple to install and is replaced with a quarter-turn twist.
- One filter is included in the box; replacement filter SKU K-34114-NA.
- CO₂ cartridge is not included; compatible with screw-in type (TR21-4 thread), 60 L cartridges.
- Requires dedicated electrical GFCI circuit (120 V, 10 A, 60 Hz).
